(MY = model year)

Limitations which apply and which should be noted before soles.

Connector type that the VL-interface is connected to.

Type of video signal at point of interface connection.

Whether the navigation must be opened for interface installation.

How the interface's video inputs are activated. CAN means by button of the vehicle infotainment.

To the video inputs compatible video signal types. Not every input supports every listed signal type.

Number of video-inputs additional to the rear-view camera input.

Availability of rear-view camera input with automatic switching. PIP means that camera picture is picture-in-picture with factory optical park display.

Availability of front camera input with automatic swiching function (when R-gear is disengaged).

Availability of HDMI-input. Can be used for rear-view camera or other video-sources.

The interfaces in brackets are predecessor models. Attention: The compatibility of the predecessor models may differ.

(MY = Modelljahr)

Einschränkungen, die vor Verkauf beachtet werden sollten.

Anschluss an den das Interface angeschlossen wird.

Signalart des Werksvideos in das eingespeist wird.

Ob die originale Navigationseinheit zur Installation geöffnet werden muss.

Art der Aktivierung der Video Eingänge. CAN bedeutet über Taste(n) des fahrzeugeigenen Infotainments.

Zu den Video-Eingängen kompatible Signalarten. Nicht jeder Eingang unterstützt jede angegebene Siganart.

Anzahl der Video-Eingänge zusätzlich zum Rückfahrkamera-Eingang

Rückfahrkamera Eingang mit automatischer Umschaltung auf RFK-Bild beim Einlegen des R-Gangs. Angabe PIP heißt, dass After-Market RFK und Werks-Optisches Parksystem Bild-in-Bild angezeigt werden.

Frontkamera Eingang mit automatischer Ushaltung (nach Auslegen des R-Gangs).

Availibility of HDMI-input. Can be used for rear-view camera or other video-sources.

Die Interfaces in Klammern sind Vorgängermodelle. Achtung: Die Kompatibilität der Vorgängermodelle kann abweichen.
